

Rotary Laser Level, Horizontal, Vertical, Slope and Plumb

Fukuda FRE208

High Precision

Includes:

- Rotary Laser Level
- Receiver with rod clamp
- Remote control
- Alkaline battery holder, 4 C cells
- Rechargeable battery pack
- Battery charger
- Target and Glasses
- Carry case

Specifications:

- Levelling System: Fast levelling electronic Sensor
- Accuracy: 1.5mm at 30m
- Self levelling range: +/- 5 degrees
- Operating range: 500m Diam. with detector
- 5 Rotation speed: 0, 60, 120, 300, 600 RPM
- 4 Scan width: 10, 45, 90, 180 degrees
- Dual manual slope
- Up and Down plumb
- Red beam wavelength: 635nm, class 2
- Remote control (included): 20m range
- Operating temperature: -20C to +50C
- Power supply: 4 Alkaline C cells (included)
Rechargeable battery pack (included)
- Operating time: 50 hours
- Waterproof and dustproof: IP55
- Dimensions: 160 x 160 x 185mm
- Weight: 2.5 kg
